COAST

QUALITY SINCE 1919

COAST Products is a 103-year-old, family-owned company that produces LED lights, knives, and multi-tools for work, recreation, and everyday use.

COAST produces innovative, technologically advanced products backed by a 5 year warranty that makes the user's life safer, easier, and more enjoyable.

David C. Brands — Owner, COAST Products

2022 / 23 PRO INDUSTRIAL

NOTE: The products in this catalog only represent COAST's USA selection.

Listed specs are subject to updates at any time.

COAST TRUSTED TOUGH.™

COAST's build quality has lead to some amazing survival stories:

The flashlight that fell 9 stories down an elevator shaft.
And still worked.

The headlamp that spent a night in a cement mixer.
And still worked.

The flashlight that spent a year submerged in a Georgia swamp.
And still worked.

COAST DUAL POWER TECHNOLOGIES

COAST is innovative with more than just beams and industrial design. We also put our collective heads together to create power sources and charging technologies that make all our lights even more useful and cost-effective. From price-conscious, yet class-leading alkaline batteries to the most advanced rechargeable systems, COAST leads the way in power.

ALKALINE POWER

Comes with COAST Extreme Performance (EP) Alkaline batteries.

ALKALINE-DUAL POWER

Comes with COAST Extreme Performance Alkaline batteries and is compatible with COAST'S ZITHION-X™ Rechargeable battery.
(sold separately).

RECHARGEABLE-DUAL POWER

Comes with COAST'S ZITHION-X™ Rechargeable battery and can be used with COAST'S Extreme Performance Alkaline batteries (not included on all lights).

RECHARGEABLE

Comes with COAST'S embedded ZITHION™ Rechargeable battery and a USB Charging Cord.

RECHARGEABLE/CONTINUOUS RUN

Comes with COAST'S embedded ZITHION™ Rechargeable battery and a USB charging cord. Can also use plug-in AC power as needed.

PRO-TEK CHARGING PORT

Charging made incredibly easy. Just slide open the PRO-TEK port on a PRO-TEK equipped COAST light to access the USB-based charging port. Plug-in to a local AC, DC, or USB power source, and re-charge your light right there. COAST ZITHION-X™ rechargeable batteries also come with a USB charging port and can be charged outside the light for added versatility and time savings.

AC, DC, USB

PRO-FLEX CHARGING CAP

A clever charging system for certain COAST rechargeable pen lights. When the time comes to recharge, find a convenient AC, DC, or USB power source, slide the PRO-FLEX cap over the end of the light, and it's charging!

AC, DC, USB

HANDHELD TECH – OPTICS

PURE BEAM FOCUSING OPTIC
ENHANCED FIELD OF VIEW

Our largest, Ultra View Flood Beam and our Bulls-Eye Spot Beam with transition halo.

ULTRA VIEW FLOOD BEAM

BULLS-EYE SPOT BEAM

LONG RANGE FOCUSING OPTIC
ENHANCED DISTANCE

Our longest, X-Range Spot Beam and our Broad View Flood Beam.

X-RANGE SPOT BEAM

BROAD VIEW FLOOD BEAM

UNIVERSAL FOCUSING OPTIC
COMPACT SIZE

A very broad, consistent flood beam and a long distance spot beam.

MAX VIEW FLOOD BEAM

LONG DISTANCE SPOT BEAM

INSPECTION BEAM OPTIC
CLEAR, CONSISTENT, DEFINED

Excellent for illuminating a crisply defined area at closer ranges.

LOW GLARE

C.O.B. UTILITY BEAM
EVERYDAY BRIGHT

A bright, general-use beam created with C.O.B. (Chip On Board) technology.

BROAD AND BRIGHT

HANDHELD TECH — CONTROLS

SLIDE FOCUS

Spot to flood light control at your fingertips.
Shape your beam with the simple push or pull of your thumb.

● PURE BEAM FOCUS
FLOOD & SPOT

● LONG RANGE FOCUS
FLOOD & SPOT

SLIDE FOCUS

BEAM LOCK

Lock the beam anywhere you want it.
Twist left to lock the beam in place.
Twist back to the right to release.

BEAM LOCK

TWIST FOCUS

Twist the head of the light to move
between a flood and a spot beam.

● PURE BEAM FOCUS
FLOOD & SPOT

● UNIVERSAL FOCUS
FLOOD & SPOT

TWIST FOCUS

COAST G50

TWIST FOCUS

COAST HP2

FRONT SWITCH

Easy one-handed
on / off activation.

MULTI-SWITCH

Separate power switches
for different color modes.

QUICK-CYCLE SWITCH

Control your light power
with the push of a button.

Depending on the model,
COAST lights may have one
of the following illumination
sequences:

High | Low
High | Medium | Low
High | Strobe | Low
High | Strobe

REAR SWITCH/TAIL CAP DESIGN

Many of COAST's lights use a Quick-Cycle tail switch. A tail switch is a
well-known feature in the tactical and professional markets. This allows
the light to be held up-and-away from one's body while still providing
light power control.

COAST's tail cap design also allows many of our lights to stand up
straight for vertical lighting applications.

COAST

COAST TRUSTED TOUGH™

HANDHELD TECH – BUILD & MATERIALS

PURPOSE BUILT

COAST handheld lights are designed to provide both the internal and external functionality required to excel in their intended purposes.

WEATHERPROOF ALUMINUM OR STAINLESS STEEL* CONSTRUCTION

FOCUSING OPTIC SYSTEMS

PURE BEAM LONG RANGE UNIVERSAL

CUSTOM LIGHT DRIVER

SLIDE FOCUS CONTROL

TAIL CAP
Ergonomic and recessed power switch designed to allow light to stand upright

Anti-roll lanyard slot

CYCLONE HEAT SINK

BATTERY CARTRIDGE

GOLD PLATED CONTACTS

BEAM LOCK SYSTEM

Not all design features are present on all lights.
*Some COAST lights also use coating materials in their construction.

POLYSTEEL®

TOUGH TECH

Take a tough-as-nails stainless steel core, cover it in grip-textured poly-nylon, add a focusing, Pure Beam Optic, and you have POLYSTEEL.

Storm Proof

Dust Resistant

Crush Proof

Drop Proof

PURE BEAM FOCUSING OPTIC
All POLYSTEEL lights include COAST's patented Pure Beam Focusing Optic systems.

TWIST FOCUS CONTROL
Focus the POLYSTEEL beam by simply twisting the head of the light.

TWIST FOCUS

POLY-NYLON OVER STAINLESS STEEL CORE
A fiberglass-reinforced polymer covers a stainless steel core.

RECHARGEABLE HANDHELDS

SAVE TIME. SAVE BATTERIES. SAVE MONEY.

The table below shows how some of COAST's most popular rechargeable handhelds provide enhanced sustainability and cost savings. The comparison between rechargeable batteries and alkaline batteries assumes a rechargeable battery life of 500 charges.

PRODUCT NAME	BATTERY TYPE	RUN TIME LI-ION	# OF BATTERIES SAVED FROM USE	PAYS FOR ITSELF IN XX CYCLES	BATTERY SAVINGS
HP8R	AAA	2h	8,000	13	$4,000
HP3R	AAA	2h 15min	750	100	$375
HX5R	CR123	3h 45min	200	32	$500

INTRINSICALLY SAFE LIGHTS

INTRINSICALLY SAFE TECH

I-SAFE™

SAFETY TECH

COAST's intrinsically safe (I-SAFE™) lights are designed to provide safe and reliable operation in hazardous gas environments. At the same time, I-SAFE lights offer a number of Coast's innovative beam and build technologies. The end result is a handheld and head-lamp series that can be trusted tough—and trusted safe.

MULTIPLE BEAM OPTIONS

HZ series lights offer a variety of beam types, as well as the ability of some models to combine beams for even more usefulness in the field.

STATIC DISSIPATIVE BODY MATERIALS

COAST's HZ lights are built with materials—including rubberized overmolds—that meet stringent safety requirements.

BUILT FOR HAZARDOUS ENVIRONMENTS

Safety rated for some of the most hazardous gas environments, HZ series lights combine COAST's technology with piece of mind.

RECHARGEABLE & ALKALINE HEADLAMPS

HEADLAMP TECH

PURE BEAM FOCUSING OPTIC
ENHANCED FIELD OF VIEW

Our largest, Ultra View Flood Beam and our Bulls-Eye Spot Beam with transition halo.

Available with a secondary colored utility beam.

● + RED

ULTRA VIEW FLOOD   BULLS-EYE SPOT

WIDE ANGLE FLOOD BEAM

A broad, bright, and crisp beam that offers a very even light pool edge-to-edge with a wide viewing angle useful for many activities.

Available with a secondary colored utility beam.
● + RED

C.O.B. BEAM / UTILITY BEAM

A single chip-on-board beam or grouped LEDs that overlap to create a broad, less defined light area that is brighter in the center and diffuses at the edges.

Available with a secondary colored utility beam.
● + RED

BEAM SHAPING

The Twist Focus Ring makes it easy to go from Ultra View Flood Beam to Bulls-Eye Spot.

TWIST FOCUS

EASY ON/OFF

COAST headlamps have several different power switch designs, but all are easy to use.

REFLECTIVE SAFETY STRAP

Certain COAST headlamps include a reflective safety strap for enhanced user visibility.

HINGED BEAM ADJUSTMENT

ALL COAST headlamps include a hinged, tilting head to let you adjust direction of the light beam.

KNIVES & SHARPENERS

KNIFE TEC

MAX-LOCK | Safer than standard Liner-Lock knives, COAST's patented Max-Lock technology provides a second lock system. Max-Lock secures the blade closed and double locks the Liner-Lock when open.

LOCK 2
MAX-LOCK

LOCK 1
LINER-LOCK

PUSH TO RELEASE

DOUBLE LOCK | The patented COAST Double Lock adds a second lock system for twice the safety. The Double Lock prevents the Liner-Lock from failing and causing the blade to close on your hand.
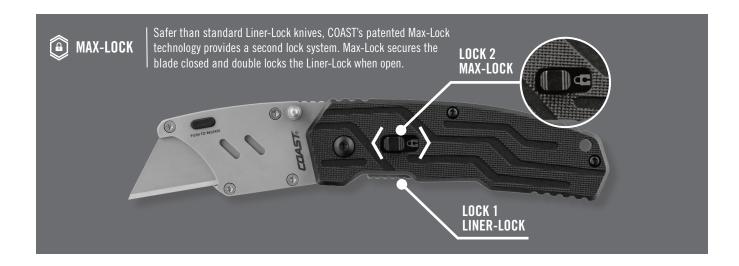

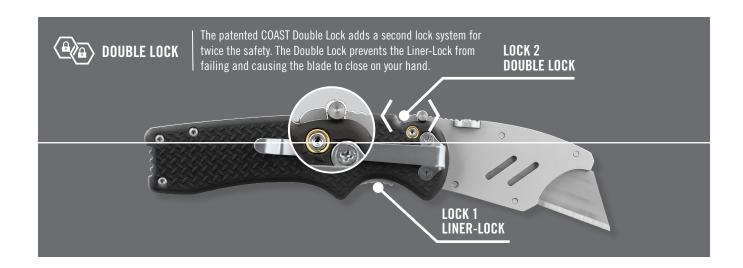

LOCK 2
DOUBLE LOCK

LOCK 1
LINER-LOCK

LOCKING SYSTEMS (continued)

🔒 LINER-LOCK

The knife's liner doubles as a lock, providing a very easy to use, safe locking mechanism. Can be opened and closed with one hand.

🔒 FRAME-LOCK

The knife's frame doubles as a lock, providing a very easy to use, and safe locking system. Can be opened and closed with one hand.

🔒 LOCKBACK

The lock mechanism is located on the back of the knife. The spring is easy to access and easy to open and close.

BLADE STEELS

9Cr18Mov | 7Cr17 | 4Cr14 | 3Cr13

Using only High-Carbon stainless steels, COAST blades are designed for hardness and durability. By treating the blades both with heat and severe cold (-320 degrees Fahrenheit / -195 degrees Celsius), the toughness is even further guaranteed. COAST does not simply use the same steels for all of the blades though. Each blade is carefully crafted to suit the intended uses.

Higher carbon grades of stainless steel are found in hunting and military blades for longer edge retention, while hardworking and everyday blades will sharpen more easily.

HANDLE MATERIALS

G10

Created by compressing a layer of fibrous materials with liquid resin under extreme pressure.

NYLON WITH FIBERGLASS FILL

For a handle with a contoured shape, this is nearly indestructible and very lightweight.

METAL

Either aluminum or stainless steel, with a secure grip that comes from surface texturing.

NATURAL WOOD

Impregnated with high-strength resin under extreme pressure, makes it extremely durable and chemical resistant.

MULTI-TOOLS

MULTI-TOOL TECH

LIGHT WHERE YOU NEED IT

COAST multi-tools are packed with practicality and built-in LED lights to illuminate work surfaces. The spring-loaded pliers head and lights make them a great choice for working on the car, under the sink, or other tight spaces.

FUNCTION FEATURES

SPRING-LOADED PLIERS

SPRING-LOADED

Spring-loaded pliers for easy one-handed operation.

EASY-ACCESS TOOLS

All implements easily accessible, jaw does not need to be opened.

SAFER. EASIER. MORE ENJOYABLE.

COAST's multi-tool technology is designed to make the user's   safer, easier, and more enjoyable.
